The EMLTD and the I.S.E.T.A.T. share a common goal aimed to promote knowledge and scientific advances in the field of *"Thrombosis and Haemostasis"* in their respective geographical areas of influence, the EMLTD- associated Countries and Greece, respectively. It is desirable, therefore, to establish an official relationship between the two Organizations in order to formalize the possibility of collaborating on issues of mutual interest for the members of both Societies.

This Memorandum of Understanding, signed by Dr. Georgios Andrikopoulos and Prof. Alexandros Tselepis representing I.S.E.T.A.T. as President and General Secretary, respectively, and Dr. Teresa Padró as the EMLTD- General Secretary representing the EMLTD, establishes:

1. The EMLTD will provide information to I.S.E.T.A.T. about the scientific and educational activities to be organized, in order that this is distributed through the I.S.E.T.A.T. WEB, mailing or through any other agreed procedure to strength and facilitate their members' participation.
2. I.S.E.T.A.T. will inform the EMLTD about its activities and these will be announced through the EMLTD-WEB in order to spread them in a wider and international forum.
3. In the homepage of the EMLTD-WEB will be recognized I.S.E.T.A.T. as Associated Scientific Society.
4. Each of the two organizations will display the logo of the other, with a hyperlink to their respective WEB pages.
5. The I.S.E.T.A.T. Board will be asked for possible collaborations always that the EMLTD organize an activity in the Greek territory. Proposals need to be considered and agreed for each specific activity. This always will be jointly done, in a framework of friendship and mutual interest for the members of the I.S.E.T.A.T. and the EMLTD.

Dr. Georgios Andrikopoulos

Prof. Alexandros Tselepis

Dr. Teresa Padró

President I.S.E.T.A.T.

General Secretary  
I.S.E.T.A.T.

General Secretary EMLTD
