## ALPIC 2019: BEST MEETING IN YEARS

Here's why! See you in Metsovo for what promises to be a most exciting congress  
We are proud to be celebrating the 10<sup>th</sup> annual ALPIC symposium in 2019!

The scientific program is focused on realistic views of controversial issues in thrombosis and antithrombotic therapy. Sessions include a combination of lectures, debates, and round table discussions presented by a faculty of internationally renowned leaders.

## Welcome Message

Dear Colleagues,

We are pleased to announce **ALPIC 2019** (Advanced Learning on Platelets & thrombosis International Course), the 10<sup>th</sup> international scientific event on Platelets and Thrombosis, taking place this year at “**Diasselo**” **Conference Center, in Epirus, Greece from March 22<sup>nd</sup> to March 24<sup>th</sup> 2019.**

Since its inception in 2010, ALPIC has played a major role as a knowledge transfer forum for scientists in the current aspects of Platelet and Thrombosis research, ranging from the basic science to the clinical practice.

As last year, this year's ALPIC is guided by EMLTD foundation and we are proud that it has gained worldwide warm acceptance and recognition for its scientific merit.

We do hope that this year ALPIC will strengthen the European and Mediterranean network for Thrombosis research and we do believe that a jointly organized program with the contribution of our hosting partners, the Atherothrombosis Research Centre (ARC) of the University of Ioannina and the Institute for the Study and Education on Thrombosis and Antithrombotic Therapy (ISETAT), would become beneficial for all of us as and it would be an opportunity to bring together even more scientists and experts who will share current knowledge on various aspects of Thrombosis.

An internationally recognized panel of invited speakers will present state-of-the-art lectures and will create an excellent opportunity for all participants to stimulate an extended and very constructive discussion both inside and outside the lecture hall. The Organizers will spare no effort to ensure that ALPIC 2019 will be an exciting and enriching experience.

Looking forward to welcome you and we wish you all to enjoy ALPIC 2019 in the picturesque landscape offered by Metsovo and its mountainous landscape.

With our best regards,

The President of the EMLTD Foundation  
**Professor Lina Badimon**
